

# TRAVELLING TO TASMANIA?

Whether you're planning a short visit to Tasmania, or you're a resident heading home, you need to register your details **before** entering the state.

## KNOW BEFORE YOU GO

**Register your travel** before you enter Tasmania. It's best to do this 3 days before your planned arrival date.

**Tasmania assesses areas as either low, medium or high risk.** Where you have spent time in the last 14 days will determine the conditions that apply to you.

Registering your travel before you arrive in Tasmania **helps manage the risk of COVID-19.** It will also help you move through border checks efficiently.

For more information on Tasmania's border measures and to register, visit: [coronavirus.tas.gov.au/comingtotas](https://coronavirus.tas.gov.au/comingtotas)

**KEEP  
ON TOP OF  
COVID**
